

Verified First SOLUTION OVERVIEW

One software for all of your screening needs.

Verified First empowers organizations with the confidence they need to hire quality talent by redefining what organizations should experience with their background screening provider.

Background Screening

Verified First provides direct access to records for rapid results, while maintaining **FCRA compliance** and **PBSA Accreditation**. You can customize packages or order a la carte to meet your organizations unique needs—**without ever having to leave your current HR solution**.

Drug Testing

Following **SAMHSA** standards, our solution provides convenient access to thousands of drug screening facilities and minimizes paperwork. **Our solutions include:**

Verifications

Our Verifications Department works with 28 employer vendors and a variety of educational institution vendors to **verify** and **vet** a candidate's previous history.

We offer verifications for employment, education, Department of Transportation (DOT), references, and professional licenses.

Form I-9 & E-Verify

To enhance your screening experience, we've partnered with Mitrastech to include **Form I-9 and E-Verify** within our screening process. You can fully automate new hire I-9s and securely manage deadlines and workflows remotely from one intuitive dashboard, **helping you stay compliant**.
