" "[APS is] fast and intuitive. Our previous contractors were ADP and Paychex and neither were intuitive. Our payroll runs have less errors now than with previous vendors. **Payroll prep time is down from 5 hours with ADP to 2 hours with APS**."

Vicki Barnes | PHR

COLUMBIA SOUTHERN UNIVERSITY

" "We are a technology driven university. Our students can access courses from anywhere in the world. APS provides a parallel to our level of technology with a payroll system that I can access on my smartphone. I can receive a call or text with a question, access the system, and respond in less than three minutes from any location … **We saved over $200,000 the first year by making the switch to APS.** With the old system, we were paying more to get less"

" "**I love using APS. It is very user friendly.** The support staff is very helpful as well. It didn't take me long to learn how to use the software. I have only had a few problems here and there and the staff was always able to help me. They are awesome."

Millie Crites | Payroll & Benefits Coordinator

Centenary COLLEGE OF LOUISIANA

" "The APS payroll system is designed with the user in mind. Employees like the direct access, and I believe it is a time saver because it allows them to look up information without having to call our office. **It's a great system that saves time and gives our employees direct access to their information.**"

Chrissy Huffman | CFO

All Saints EPISCOPAL SCHOOL Discover *Your* All

" "We have been very pleased with the APS payroll solution and the APS team. **The ability to create your own reports from a wide variety of templates and the employee self-service options are two of the system's standout features.**"
