

Denise Savant | Controller

“High marks for customer service! Our organization, with more than 120 employees, requires flexibility in a system and **APS has always come up with a solution!**”

Malcolm Huston | CEO

“APS provides excellent training to help you get the most out of the features they offer, and they are responsive. With our previous company, we had problems with garnishments, and the representatives were never available by phone. **The APS team is readily available to give us help when needed.**”

Bill McKellar | CPA

“**The APS payroll system features are simple to use** from the login, to the time clock, to the reports. Direct Deposit also saves time for both our company and our employees, which is a critical factor in health care with growing services demands.”

Lori Vige | Bookkeeper

“**APS' reporting feature has saved us time and money...** they understand the importance of speed and the sensitivity to addressing any pay discrepancies timely for employees. They are highly responsive, and they are proactive in developing solutions to meet our emerging needs.”

Brandy Wilson | Practice Manager

“**The APS system is easy to use, and their team is quick to respond to your call** - two factors that are critical to efficiently manage payroll for a large medical practice.”
