

## Why APS is Different

# Our Mission is to Make Payroll and HR Easier.

We accomplish our mission by focusing on the total customer experience.

Our clients deserve best-in-class workforce management solutions delivered with personalized service and support. Our team builds our technology from the ground up, focusing on intuitive usability, reliability, and compliance. APS understands the challenges organizations of all sizes face, so we designed a full spectrum of cloud solutions that address the entire employee lifecycle.

By maintaining a vision of an all-in-one platform that makes workforce management easier, we support our clients in their growth and success.

APS knows technology only helps when your team feels confident and supported using it. Our dedicated account teams embody our top-quality service values, a benefit you will realize from day one. The APS implementation process sets your team up for success, while our support team maintains an active presence for all your needs.

Additionally, our 99% customer satisfaction rate demonstrates our personal commitment to service you can trust, which is what makes APS stand out from the competition.

## Fast Facts

### Easiest To Use

APS has been top ranked for Ease of Use and User Adoption since 2014.

### Leading Payroll and HR Vendor

Customers have voted APS as a Leader in Payroll, Workforce Management, Performance Management, Time Tracking, Benefits Administration, and Applicant Tracking.

### Simply The Best

Our Payroll Solution has outranked Paycom, ADP, Paychex, Kronos, and Paylocity since 2014.

### Top 10

APS is recognized as a Top 10 Provider for its Core HR, Payroll, and Time Tracking solutions.

## 1 Usability | AND WHY IT MATTERS

- The APS platform is a best-in-class solution, as demonstrated by numerous national awards and achievements.
- Access your data anytime, anywhere, with our cloud-based system. Manage off-site employees and check on workforce productivity with 24/7 connectivity.
- APS Dashboards provide essential data visualization in a logical format to drive results. Our focus on intuitive design helps users work quickly and easily from task to task to boost productivity.

## 2 Support and Success | INVESTED IN YOU

- APS supports you with dedicated account teams, solutions specialists, and a proactive customer success team who understand your company's needs. They get to know your company's history, challenges, and goals to ensure we provide personalized service.
- We have specialized knowledge of organizations of all sizes across multiple industries.
- APS is transparent with how our technology operates and functions. We want you to feel confident using our system from the very first day.

## 3 Training and Adoption | EXPERIENCE THE DIFFERENCE

- APS trains clients with their data so they learn by using information that applies to their organization. We believe this helps promote user adoption for a more productive experience.
- We are proactive rather than reactive when it comes to anticipating potential errors in payroll. APS knows that you have no room for mistakes when it comes to your employees' financial well-being, which is why we believe in stopping problems before they start.
- APS stays with you through the first two live payroll runs to ensure you fully understand how to execute the processes successfully. We want to empower you to move forward prepared to accomplish your goals.

Are you tired of manually processing payroll? Do compliance and attendance tracking have you overwhelmed? APS can help! Our technology is designed to make payroll and HR easier. HR, payroll, attendance, recruiting, applicant tracking, onboarding, and ACA compliance all live in a unified database to simplify your everyday tasks.

We provide our clients and partners with intuitive technology delivered with personalized service and support. Businesses choose APS as their workforce partner because of our focus on the customer experience, starting from the moment they begin implementation. As a result, we continually maintain 98% customer retention and satisfaction rates. APS has also been recognized by G2 for top-rated user adoption and implementation since 2018.
